COVID-19 CVS Pharmacy Vaccination Sites Open in West Covina

Post Date: 03/04/2021 8:06 PM

The City of West Covina is pleased to announce the partnership with CVS Pharmacy to provide two vaccination sites in West Covina. The CVS vaccination sites that will offer both the Pfizer COVID-19 vaccine and the recently authorized for emergency use by the FDA, Johnson & Johnson Janssen COVID-19 vaccine.

The CVS located at 702 N. Azusa Avenue is offering the Pfizer COVID-19 vaccine. The second CVS location (located within the Eastland Center Target, at 2831 E. Eastland Center Drive) will offer the Johnson & Johnson Janssen vaccine starting March 5th. CVS is requiring appointments which can be made at www.cvs.com/immunizations/covid-19-vaccine. While the 702 N. Azusa CVS is fully booked, the Eastland Center CVS will start taking appointments tomorrow. It is advised to check the website occasionally for any availabilities.

Currently, CVS is providing vaccines to people 65 and older, teachers (K-12), daycare and preschool workers and staff, health care workers, long-term care residents and staff, food and agriculture workers. At this time, appointments for the CVS located at 702 is fully booked. To find the nearest vaccination site, through CVS, and to make an appointment, visit www.CVS.com

Please note that the City is not involved with scheduling appointments. For appointments at other vaccination sites, visit the County's website at www.publichealth.lacounty.gov.
